MEMORANDUM FOR: Mr. Houston

SUBJECT : Conference with Air Force

25X1A9a

25X1A9a

1. [REDACTED] and I met yesterday at the Pentagon with [REDACTED]

[REDACTED] They stated that the Air Force officers in question would resign effectively and be entirely dropped from all roles of the Air Force during the period of their service under the proposed contract, thus avoiding any problems of additional or dual compensation.

2. It is planned to reinstate these officers in the Air Force at the end of their service under the contract. At that time a Correction of Records Board would have authority to make retroactive adjustments of the service records of these individuals as to time in service for purposes of "fogies", promotion, and retirement. However, no pay or allowances would be given by the Air Force for the period of contractual service.

3. A copy of the draft of the contract which was agreed on in principle with the Air Force is attached.
